

About your Piece:

- Each stained glass piece is hand-made using the Tiffany copper foil method. Your piece has been handcrafted using the finest materials and attention to detail. Each item is created one at a time or in small batches to ensure quality.
- It is normal for each stained glass piece to have slight imperfections or variations in color and finish. From texture changes, glass bubbles, or solder ripples, this is part of what makes each stained glass piece unique.

Care Instructions:

- Be gentle when handling your item. While it is structurally enforced during assembly, it is still a fragile piece of art by design.
- Refrain from using suction cups to hang; they can deteriorate over time and become structurally unsound. Use nails, hooks, or additional hardware to display your item.
- Refrain from using household cleaners or chemicals on your stained glass piece. If needed, use a lightly damp cloth to wipe away any dirt or dust and gently dab dry.
- Note: Your stained glass piece contains a small amount of lead; washing your hands after touching it is recommended.

Share Online:

- If you'd like to share your piece on social media and tag [@shaffglass](#) it would mean the world to me! I will share any tagged post on my account.

Thank you

*Thank you for supporting
my stained glass studio!
I hope you enjoy your piece
as much as I did making it.*
